

Study Smarter, Not Harder

Is your child unsure of how or when to begin studying for the big test? Are they having difficulty with taking effective notes? Do they have trouble recalling the appropriate information for the test? If you answered yes to any of these questions, then your student could benefit from the **KnowledgePoints Study Skills Program!**

Test Preparation Skills

Learn the five-day test prep strategies for successfully taking tests...including how to reduce test anxiety.

Test Taking Strategies

Students learn and practice various types of test taking strategies.

Managing Study Time and Routines

Students learn how to prepare a Term Calendar including development of sound study habits and preparing daily organizers that benefit them in and out of school.

Taking Notes

Students learn effective lecture and textbook note taking strategies.

Remembering Information

Students learn the use of visualization, categorizations and abbreviation strategies.

Reading and Interpreting Visual Aids

Students learn how to read a variety of visual and graphic aids and how to interpret the information provided.

Using Reference Sources

Students learn the proper use of the thesaurus, atlas/almanac, encyclopedia and dictionary (both written and electronic). Follow-up courses may be offered for classroom/strategy correlations.
